

## 2023 CBGL Outstanding Achievement in Research Award Guidelines

### Purpose:

The CBGL Outstanding Achievement in Research Award recognizes and values the outstanding contribution to the College of individual researchers or research teams. This award recognises excellence in areas such as publications (quality and/or quantity), research income, scope of research, HDR supervision, mentoring, innovation in research, collaborations, and industry/government/community engagement.

### Nature of the award:

One award of \$3,000 will be made under this scheme. The award will be deposited into a university account and must be used by the award winner for research or professional development purposes. In the case of teams, the award of \$3000 will be divided amongst the team members. Awarded funds will be available for 12 months.

### Eligibility for nomination:

- Teaching & Research or Research-only academic staff member(s) at level A-D of the College of Business, Government and Law;
- Employed in a continuing, contract or fixed term role for a period of at least 12 months;
- Teams or individuals can apply;
  - Team applications must be headed by an academic (either continuing or on a contract of greater than 12 months duration and with a full-time equivalence of 0.4 or greater).
  - Teams must consist of at least 2 members and may include casual/part-time staff/professional staff.

Individual award winners are not eligible for re-nomination for this award for 2 years.

In the case of a team award, the team leader will not be eligible for re-nomination for 2 years, however the members of the team can apply, provided that the re-nomination does not substantially replicate their previously won application.

### Eligible Activities/Outputs:

Nominations for this award can only include activities, achievements or outputs which relate to the 2021 - 2023 calendar years, including:

- Research publications published or accepted for publication (evidence of the latter will be required) - Please include quality metrics e.g. impact factor, Scimago or other relevant list ranking, Google Scholar citations.
- Category 1 to 4 research funding success.
- Engagement with industry – Please provide a short narrative with links to emails, letters, etc.
- Evidence of mentoring junior staff – Please provide a testimonial by the mentored staff member.

All research activities, achievements, outputs and publications must align with the College mission statement, which reads as follows:

*We embrace innovative knowledge and practice to tackle the challenges of our time, with a strategic focus on technology, health and social impact.*

or one of the College Research Centres/Institute(s).

### Applications

Applications must be made on the Nomination Form in the space provided. Up to 2 pages of supporting documentation may be added but is limited to a CV, evidence of engagement (emails, letters etc) and/or a supporting testimonial (in the case of mentoring). No additional documentation will be considered.

Applications should be submitted to the CBGL Research Support Team ([cbgl.research@flinders.edu.au](mailto:cbgl.research@flinders.edu.au)).

### Assessment of Applications

A Selection Committee will be appointed by the Dean (Research). The Selection Committee's recommendations will be submitted to the Vice President and Executive Dean for approval.

### Note:

- All applications will be assessed relative to opportunity.
- Extra weighting will be given to collaborative research.
