Printing from VirtualApps - Personal Computers

Introduction

This guide will assist you in printing from VirtualApps while using a personal device to either a Flinders University student printer (UniCard) or personal printer connected to your device.

Availability

Please note that printing from VirtualApps is only available to the following University printers as they support swipe release printing.

Printer	Location
Central 0	Central Library - Level 1
Central 1	Central Library - Level 1
Central 2	Central Library - Level 1
Law PRS 1	Central Library - Level 3
Central 3	Central Library - Level 0 (Flinders Connect)
Sturt 1	Sturt Library
Sturt 2	Sturt Library
Medical 1	Medical Library
Medical 2	Medical Library

Procedure

1. From the virtualised application, print normally ensuring you select the correct printer. Use the swipe release functionality at the printing station to print your files. Note that any printers installed on your personal device will show as **PrinterName (From XXX)** where XXX is the name of your computer)
