

Workday 2025R2

Feature Summary

Production Release: September 20, 2025

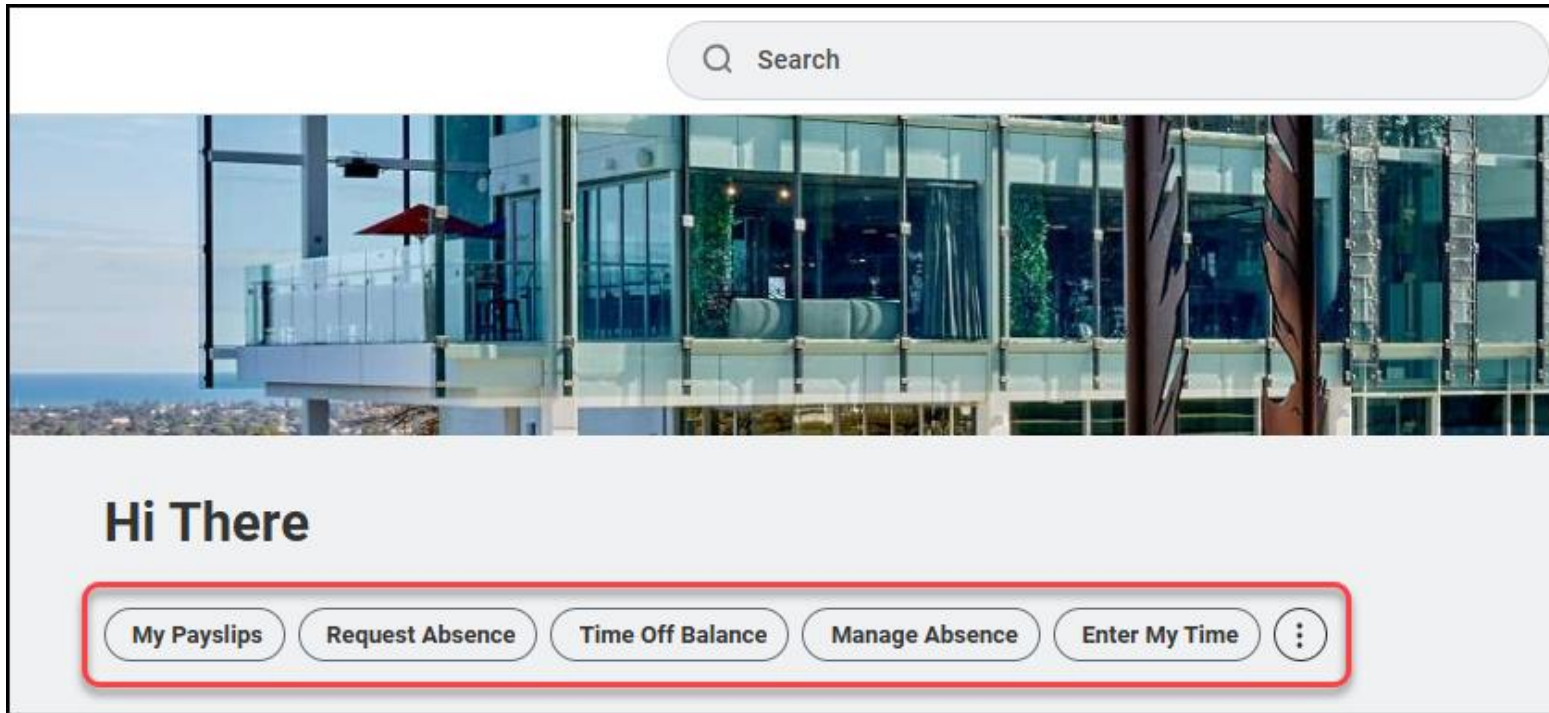

User Experience Updates:

- Home Page and Menu Navigation
- Absence Calendar
- Profile Page

Home Page Experience

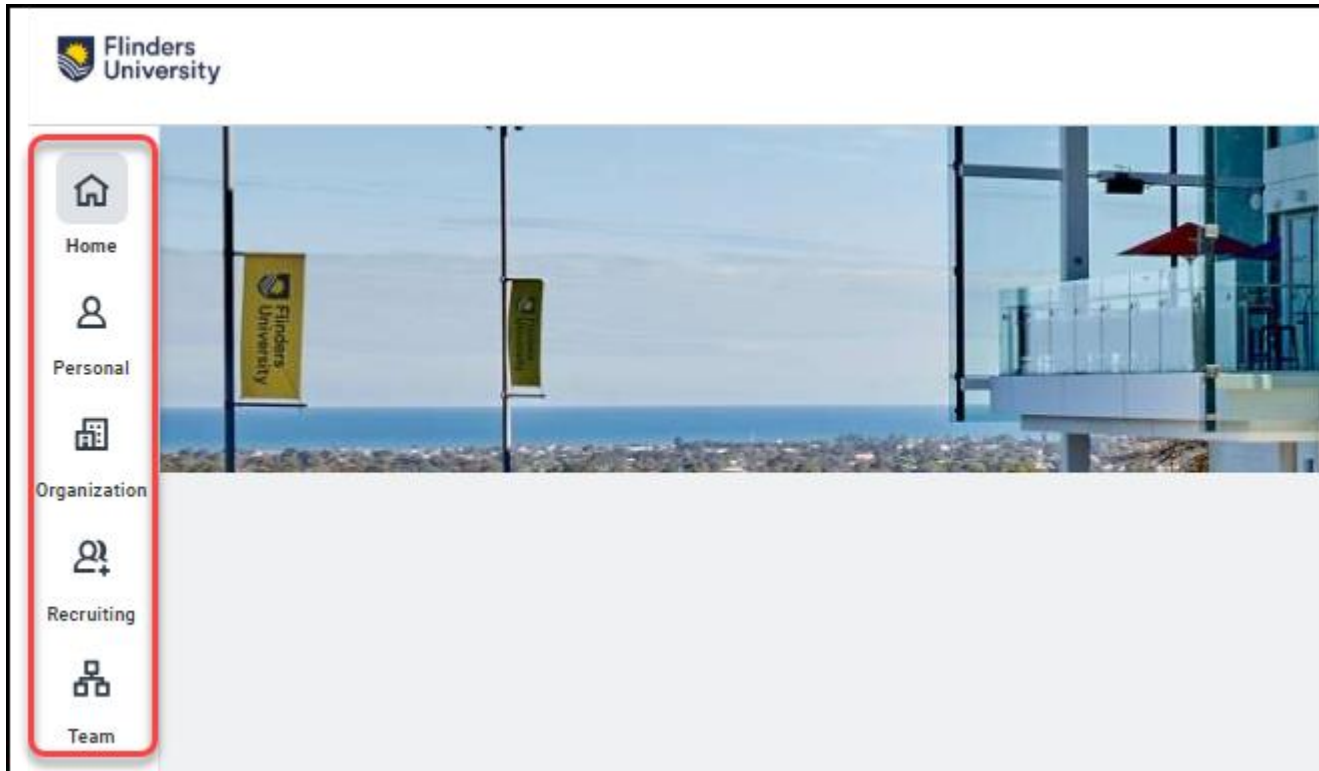

Quick Actions

New **Quick Actions** on the Home Page for easy access to common tasks. This replaces 'Your Top Apps'.

Home Page Experience

Menu Navigation

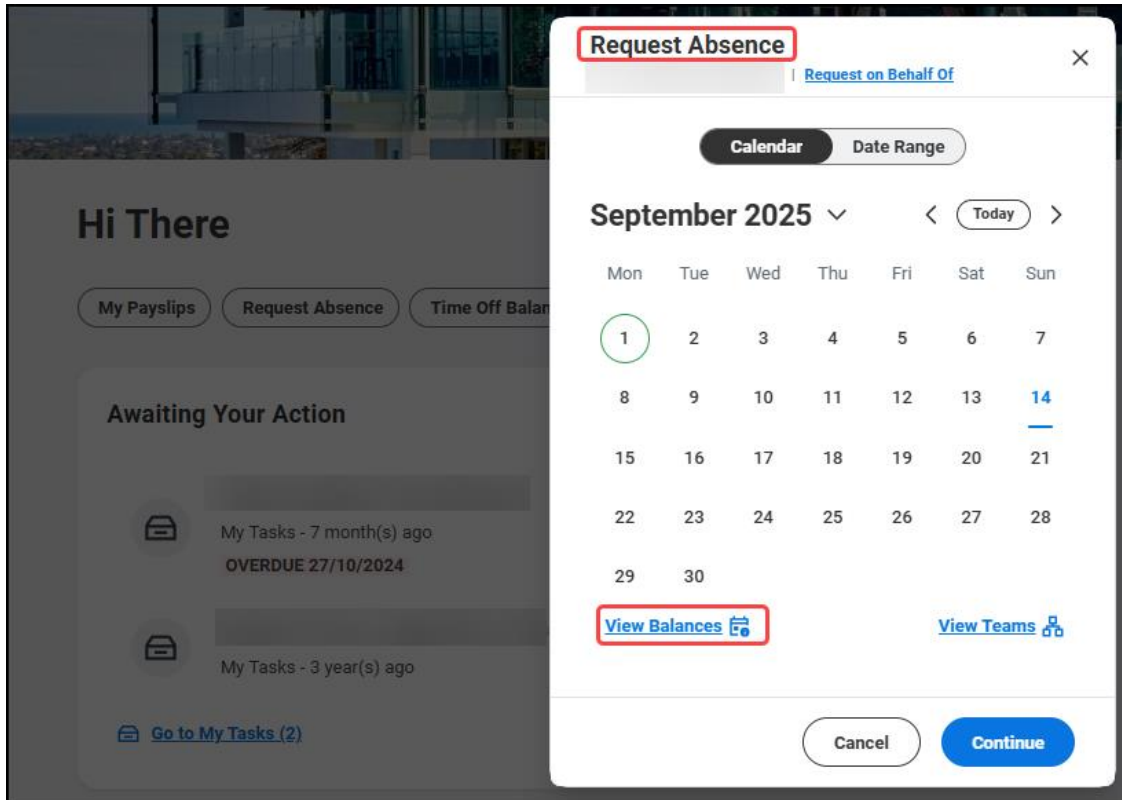

The **Menu** has been updated and now displays as a categorised sidebar on the left-hand side. Hover over categories for easy access navigation to sub-menus.

The Menu order is customisable and the option to Save favourite pages is still available via the bottom left menu options.

Absence Calendar Experience

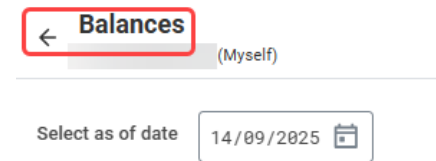

Micro Calendar view

Using the new **Request Absence** Quick Action, you can access a 'micro calendar pop-up' to easily submit a leave request.

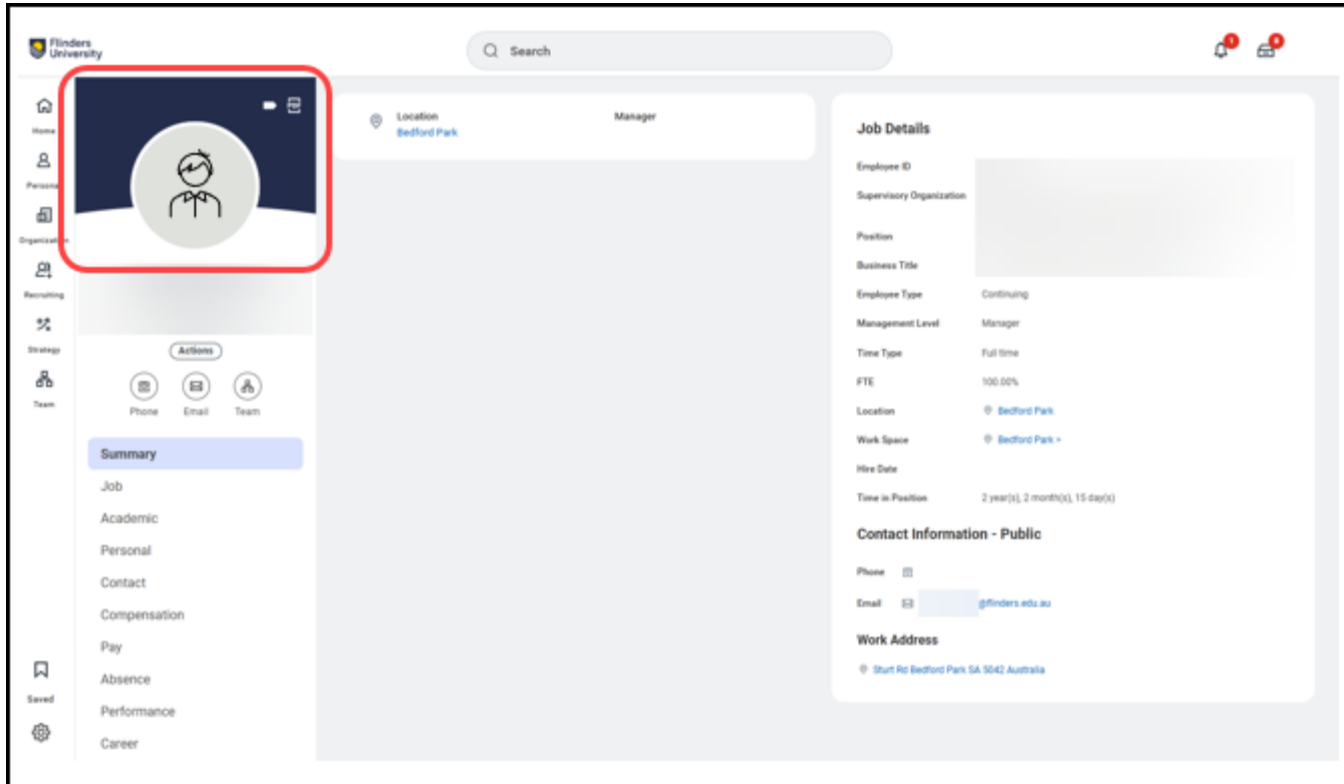

You can use the **Calendar** or **Date Range** toggle for easy selections.

You can also use the **View Balances** link to check your details, before using the arrow to resume your request.

Profile Page Experience

Streamlined look and feel

The left navigation menu has an improved look and feel, using **Flinders Navy** to highlight profile images in the top left corner.

The updated navigation menu on the left of screen remains visible
