Navigating VirtualApps

Procedure

1. How do I access a Flinders Virtual Application?
   - Open **Citrix Workspace** from the start menu and you will be presented with the applications you have access to. Simply click on the application you want to use and it will be streamed to your computer.

   ![Citrix Workspace screenshot]

   - Applications you have access to will also be displayed in the Start Menu. Right click on these shortcuts to pin them to the start menu or taskbar for more convenient access.

   ![Start Menu screenshot]

   - Applications can also be opened in a web browser by visiting [VirtualApps.flinders.edu.au](http://VirtualApps.flinders.edu.au).

   - If you don’t see your application in the list, please log a request with the IDS Service Desk.
