2. How do I submit an application?
Open the form by click on the blue action button. The form appears in a pop-up window in the same browser tab.

Fill in the form, including all mandatory fields marked with a red asterisk. You also need to upload any required mandatory documentation* and electronically sign the form.

**Please note:** Once you click the ‘Apply’ button, the form is created, and stays on your record, unless you either delete it or submit it. The ‘Discard’ button only Discards changes, not the form.

To delete the form, you must select ‘Delete’ next to the selected form. Once a form is submitted you are no longer able to delete the form.

**Please note:** document names need to be succinct and not contain any special characters such as apostrophes.

Once signed the form must be submitted by using the **Submit** button in the top right-hand corner of the form.
You will then be asked to confirm your submission before sending.
